Remember these 10 golden rules to help you beat the scammers:

1. Be suspicious of all 'too good to be true' offers and deals.
2. Don't agree to offers or deals immediately. Get legal advice before making a decision.
3. Don't hand over money / sign until you've checked someone's credentials.
4. Never send money to anyone you don't know or trust, whether in the UK or abroad.
5. Never give banking or personal details to anyone you don't know or trust.
6. Always log on to a website directly rather than clicking on links in an email.
7. Don't rely on testimonials. Find solid, independent evidence of a company's success.
8. Always get independent advice if an offer involves money, time or commitment.
9. If you spot a scam or have been scammed, report it and get help.
10. Don't be embarrassed about reporting a scam. Copyright National Business Crime Centre
